Honorable William J. Casey
Director
Central Intelligence Agency
Washington, D.C. 20505

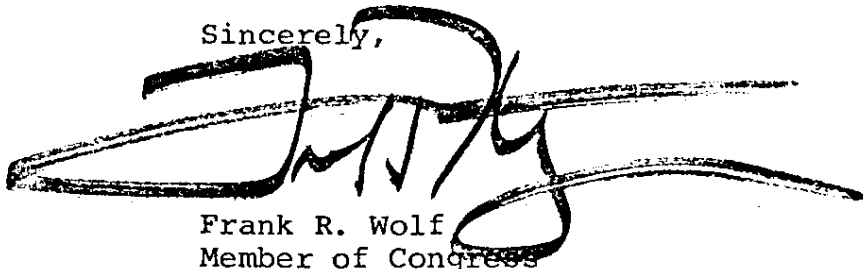

Dear Mr. Casey:

It is my understanding that the association of V.V.K.R., Incorporated, Dewberry and Davis and Everett I. Brown Company have submitted their credentials to you for consideration for the architectural, engineering and design services for the new CIA facility in Langley, Virginia. I would like to point out that these firms are local, large architectural and design firms from Northern Virginia which are qualified to perform this type of work. This association has performed large projects of a similar nature and has done work in the past for CIA.

I have personally known the principals of the Dewberry and Davis and V.V.K.R., Incorporated firms for a number of years and, particularly Sid Dewberry. The purpose of my letter is not to interfere with your thorough evaluation and review process but simply to point out the impeccable character and reputation of this association which is in nearby Northern Virginia.

Thank you very much.

Sincerely,

Frank R. Wolf
Member of Congress
